EHRI has a fellowship programme (governed by the rules of FP7 Transnational Access). Every year (2012, 2013, 2014) after a call for applications, twelve researchers are invited to stay for a period of four weeks to two months at an EHRI partner institute (4 at MS, 2 each at IfZ, JMP, NIOD and YV). The EHRI fellowships are intended to support and stimulate Holocaust research by facilitating international access to key archives and collections related to the Holocaust. The fellowships intend to support researchers and younger scholars, especially Ph.D. candidates with limited resources. Candidates from Central and Eastern Europe are especially encouraged to apply.

The call for applications for 2013 was issued in the summer of 2012 and circulated widely. Overall 46 applicants from 23 countries applied for an EHRI fellowship. An international panel of experts selected the researchers on the basis of their research programmes. Experts included Prof. Dr. Barbara Engelking-Boni (IFiS PAN, Warsaw), Prof. Benjamin Frommer PhD (Northwestern University, IL, USA), PD Dr. Christoph Mick (University of Warwick, UK), Dr. Denis Peschanski (University of Paris 1, France) and Prof. Alan E. Steinweis PhD (University of Vermont, USA).
